TEFLON

Product is treated to resist staining.

ENZYME WASH

A treatment to soften the fabric.

MADE IN CANADA

Made in Canada!

THINSULATE

Product incorporates 3M Thinsulate™ technology.

BIO-WASH

A treatment that softens the fabric and eliminates fine threads to create a smoother, richer pique.

EZ-CARE

In the washer, in the dryer, on your back virtually wrinkle free.

EMBROIDERY ACCESS

Inside zipper for easy hideaway decorating.

EURO-FIT

Styling is slim fitting with slightly shorter sleeves for comfort and ease of movement.

TEAMWEAR

Ideal for team uniforms.

BREATHABLE

Garment allows moisture to escape from the body.

REVERSIBLE

Can be turned inside out and worn on the opposite side.

WORKWEAR

Functional enough for industrial wear.

WATER RESISTANT

Fabric treated to resist water.

PACKABLE

This product has a pouch that it folds into.

TRIFACTOR

A collection of pieces that works well as layers.

WATERPROOF

Garment is treated with waterproof coating and is fully seam sealed.

TAILORED FIT

The cut of the garment lends a tailored look.

PROTECTION

Outer layer, used in conjunction with other Trifactor™ pieces.

WICKING

Product wicks moisture away from your body.

ROLL-AWAY HOOD

The hood rolls up into itself.

TRANSPORT

Inner layer, used in conjunction with other Trifactor™ pieces.

WIND RESISTANT

Product helps prevent wind from penetrating.

DETACHABLE HOOD

The hood for this product can be taken off.

REGULATION

Middle layer, used in conjunction with other Trifactor™ pieces.

WINDPROOF

Product keeps wind from penetrating.

STRETCH

Fabric content provides mechanical stretch allowing for a more comfortable fit.

HIGH IQ

A process that makes the garment soft and comfortable while keeping you cool and dry.

ANTI-PILL

The fabric is treated to prevent pilling.

SEAM SEALED

Seams are sealed to make product waterproof.

HEADSET ACCESS PORT

Ear 'buds' access port.

3-IN-1

Jacket comes with outer shell and liner sold together.

3-IN-1 READY
