

program benefits

NEW PROGRAM BENEFITS TO MAKE YOUR LIFE EASIER.

BENEFITS	DETAILS
Guaranteed Pricing	Register items for up to 1 year and even if catalogue prices change, yours are locked in.
Cross Border Availability	All Trimark Canada styles can also be shipped to the US to service your North American based programs.
Low Minimums	For registered programs, we will produce half the listed catalogue minimum quantity with no Less Than Minimum charge.
No Setup or Repeat Setup Charges	We understand that programs are different and that setups on the same products and decoration just doesn't work. That's why we're eliminating setups for embroidery, deboss, laser, inFusion and transfers. No repeat setups for HXD repeat orders.
Less Overhead	Place your repeat program orders via SureShip® in order to take advantage of 24hr turnaround and cost savings from lower inventory and space.
Exclusive Program Decoration Pricing	\$5.20 (A) on embroidery (up to 10k stitches), laser, deboss, True Edge™ transfer, inFusion and HXD. Price includes polybagging. Digitizing and Deboss Tooling charges apply.
Special Labeling Price	Apply customer sku labels to polybags (customer provides labels) - \$0.50 (A) each.
Early Access/Pre-line	We understand that your clients want to see product well before you re-launch their program and we're here to help. Contact your rep for more information.
Program Products	Products specifically selected and merchandised based on style, colours, price, and popularity in order to help you re-merchandise your programs quickly and efficiently.
Product Variety	With numerous product choices and strategic brands, our merchandising experts can help you find the right mix of items designed to express your client's brand.
Merchandising Expertise	Ability to leverage all of PCNA's experience and expertise.
All Sizes - One Price	All of our sizes are the same price within a style, the time you spend on data entry to maintain web-based programs will be dramatically reduced.
Big & Tall Sizes	All of our sizes are the same price within a style, the time you spend on data entry to maintain web-based programs will be dramatically reduced.
