CORPORATE PROGRAM SOLUTIONS

Many companies use catalogues to market branded merchandise to employees, customers, and prospects. Their challenge is always the same – finding those “must have” items to include that will generate multiple orders. It can drain them of valuable time and energy, cause undue stress, and prove costly if they don’t choose wisely.

THAT’S WHERE WE COME IN.

Through our Corporate Program Incentives, your customers can incorporate many of their favourite Trimark products, cross-merchandised across a variety of innovative apparel categories, for maximum sell-through.
