35TH YEAR OF BEING
THE NUMBER
1 **ONE**
CHOICE FOR LOGO
APPAREL **IN CANADA**

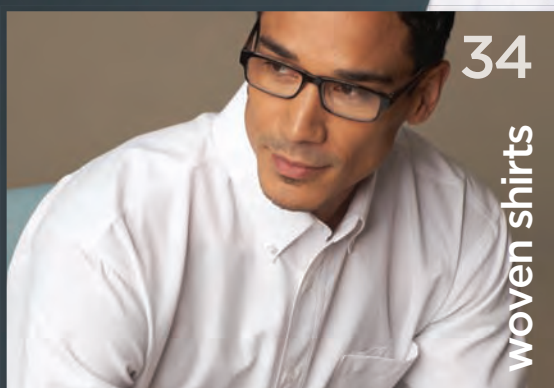

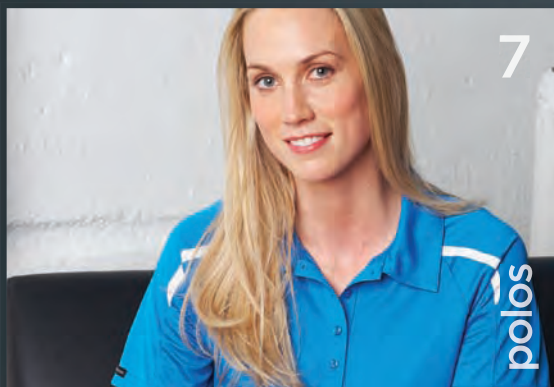

Your Brand's sustainability is important and Trimark's Evolve™ Certification ensures that your products are socially responsible and produced in a socially compliant method.

At Trimark Sportswear, we believe that it's everyone's responsibility to be Socially Responsible - therefore we have chosen to pursue long-term goals that are both good for our society, and also our environment.

To ensure that we meet these goals, we have engaged the services of an internationally recognized 3rd party audit firm specializing not only in auditing, but the continual development of best practices in factories across the globe.

For details of our compliance standards please visit trimarksportswear.com/conscience

Information with one click using

QUICK RESPONSE TECHNOLOGY

LOCATE

We love new technology, especially when it enables us to better serve you! We are now using Quick Response technology to provide our customers instant access to the most up-to-date information about our latest products or services.

How does it work?

A specialized barcode for each product is printed on catalogues, hangtags and select packaging. If you need additional information quickly, you no longer need to browse with your smartphone. Simply scan the code and your phone will link you to the most up to date information, promotions or specials.

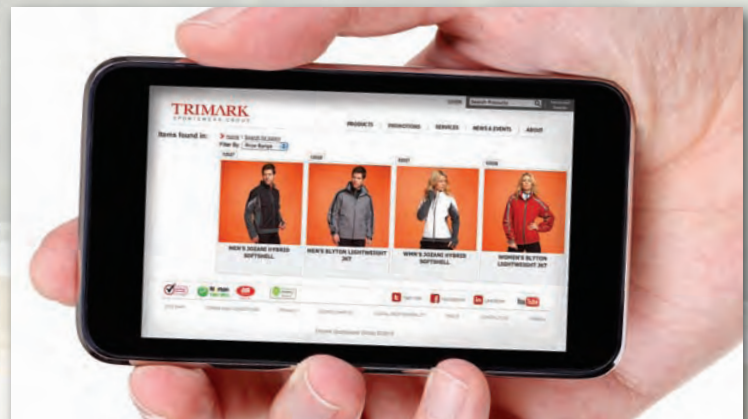

You will notice a QR code on the corner of each style in this catalogue. Scan it into your smartphone to obtain instant access to that product's page online. View specials or promotions relating to that product. From that page, you are able to navigate through our entire web site.

SNAP

You will need to download an application for your phone and it is available here...

www.trimarksportswear.com/QR

ONTOUR™

The **ONTOUR™** collection is engineered to make you feel good and provide elegance on or off the course. The evolution of WEBTech™, along with the science of fabric construction, has increased the comfort and become a pillar of distinction.

LANDMARK™

The **Landmark™** collection is constructed using time honoured methods which ensure a durable lasting style. These designs highlight our classics and offer a vibrant and expansive colour palette. These styles are all about keeping it simple - startlingly simple.

ELEVATE SPORT

Elevate Sport is a new collection that highlights our latest innovations into one fashion forward brand. Elevate Sport was created as the official brand of licensed merchandise for the 2010 Winter Olympics.

OUTER BOUNDARY™

Outer Boundary™ collections are designed to protect like armour against the elements. This collection allows you to stay out longer, whether in the heat or on the ice. With SMARTech™ innovations we are constantly pushing the boundaries within this offering.

AUTHENTIC AHEAD HEADGEAR

AHEAD Inc. is acknowledged worldwide as a manufacturer of quality golf headwear. You can see the AHEAD brand in pro shops and golf outlets throughout the world. (see page 50)

These shirts are constructed with textile fibres that act as a powerful capillary to quickly absorb and channel moisture away from the body, towards the surface of the garment, for quick evaporation and maximum breathability.

The high twist construction makes the fabric silkier and smoother to the touch compared to ordinary polyester, or other high twist yarns.

Invented at DuPont's Jackson Laboratory in 1938, Teflon® is a man made polymer called polytetrafluoroethylene (PTFE), which is considered to be the most slippery substance that exists. Its nonstick properties have transcended the kitchen, and is widely used in other areas including aerospace, communications, electronics, industrial processes, and architecture.

Breathable, waterproof and bonded fabric, designed to respond to environmental conditions.

Our jackets are packed with technology.

trimarksportswear.com/smartech

A highly technical product providing beneficial, identifiable features through some of the latest technological developments in 'smart' textiles.

'Smart' Textiles by SMARTech™ are textiles designed to detect and respond to specific conditions in their environment via one or more of the following methods:

Bio-chemical technology – altering the composition or finish of a fibre / fabrication to add a feature, such as waterproofing, breathability, antimicrobial properties, etc.

Mechanical innovation – engineering a fibre, such as its shape, diameter, or inner architecture to yield special properties.

custom direct source™

Need something special? The **Direct Source™ Program** allows you to create original styles to **promote your brand** and **excite your team**.

why custom?

Originality

Create something special; an original unique style that represents you, your team and your brand. The Direct Source Program gives you the freedom and flexibility to get exactly what you want, on time - at the right price... no compromises!

Decorating

When you decorate your garment during manufacturing, you'll have many more decorating options available.

Packaging

Why not add hangtags, boxes and tissue to complete your order?

why use trimark?

Reliability

With over 30 years experience in overseas manufacturing and relationships with the best factories, we pride ourselves at getting you the right product, on time - at the right price.

Save

Save money on high volume orders from existing catalogue styles or add new style or functionality.

Support

Full marketing support and presentation materials to close the sale.

Speed

Same day quote response.

your logo, your way

rubber appliqué label

faux leather

With more **application choices**, branding your team or business is easier than ever. Begin with **your logo** and see where the possibilities take you.

motif zig-zag embroidery

woven appliqué

decoration

Decorate with us and get hassle free, personalized service. This year we have expanded our decoration team and added new technology to enhance your experience. Fast digitization with online proofs and approvals. The process will allow you to see exactly where your order is at through our decoration department.

Plus we are expanding our decoration options to include embossing, debossing, heat seal, tackle twill, rubber patches, metal appliques and more.

Want to differentiate your logo even more?

If you're looking to differentiate yourself from embroidery, or if you have a water proof garment and wish to retain the integrity of the fabric, it might be preferable to use non-penetrating methods such as Heat-Sealing, Embossing or Debossing - all of which we offer through our decoration services.

For more details, please speak to your Promotional Product Distributor or visit our website www.trimarksportswear.com/decorating to see samples and learn about other decorating options.

Swatches and sewout samples: Complimentary free digital image. A minimum of 12 units per logo colourway applies. Minimum of 72 units. Allow 3-7 business days after all logo approvals. No rush charges.

Please note: Trimark does not sell direct.

JRXS: Junior Extra Small **JRS:** Junior Small **JRM:** Junior Medium **JRL:** Junior Large **JRXL:** Junior Extra Large

Fit Chest

Under the arms and across the shoulder blades with a firm and level tape.

Hip

When standing, measure around the widest part of the hip.

Sleeve length

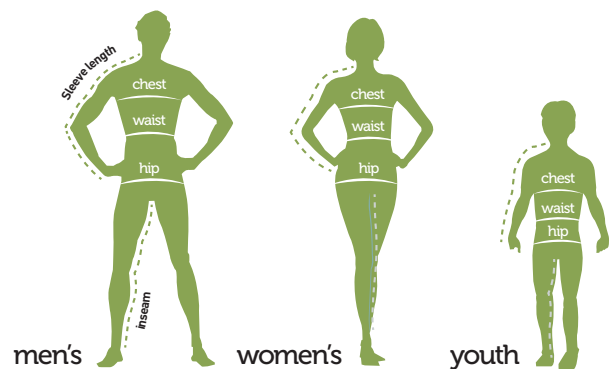

Relax arm, and measure from the centre of the back of the neck, over the shoulder and down to the outer wrist.

Waist

Measure around your natural waistline, while in your underwear. Keep one finger between the tape and your body for an accurate fit.

Inseam

Select a pair of your best-fitting pants of a similar material. Measure from the crotch to the bottom. The number of inches, to the nearest half-inch, is the inseam length.

headwear

Ahead size	American Sizes	English Sizes	French Sizes	Circumference in inches
Small / Medium	6 7/8 - 7 1/4	6 3/4 - 7 1/8	4 - 5 1/2	21.4823" - 22.6604"
Large / Extra Large	7 3/8 - 7 3/4	7 1/4 - 7 5/8	6 - 7 1/2	23.0531" - 24.2312"

Extreme/Casual Cut

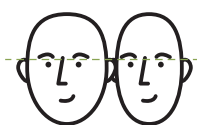

Depth is typically determined by the distance between your ears and the top of your head. In order for a cap or hat to fit comfortably and without excessive wrinkling, it is important for you to first understand what head shape you have.

Extreme/Casual Cut:

Cut for both men and women who's head shape is average to shallow, but not deep enough for the classic cut.

Classic Cut:

Cut for the average to deep head shape. Deeper than extreme/casual cut.
